

I was used to the school because I live in the area but I was still not sure where I was going. I came from a really small primary school with approximately 95 pupils so this school seemed HUGE compared to what I was used to. One of my biggest worries was not knowing my way around. On the taster day my friend and I did not know that there were two buildings (the main building and the H.E block) so we did not know where our next lesson was. We looked really lost so an older pupil came up to us and offered to take us to our next lesson. She was really nice and she soon showed us where to go. After the first few days I knew exactly where I was going. I was also wondering where I was going to put my bags. I soon found out that we have lockers to put our bags in.

I soon got used to the school and I am now happy!
