

## Are you ready for Year 7?

Below are some of the key skills for English and Maths that it would be great for you to look over before starting Year 7 with us. Some websites have been suggested but other sources will be useful too.

English:

Revise the key elements of forming sentences. For example full stops, capital letters and varying punctuation for deliberate effect...

Or you could try this for working on your use of exclamation marks and question marks...?!

[Exclamation marks and question marks - Punctuation - GCSE English Language Revision - Other - BBC Bitesize](#)

An exclamation mark shows shock or surprise. It lets a reader know that they should add emphasis to a sentence. With exclamation marks, 'less is more' is a useful approach. They become more ...

Do you know what homophones are and when to use the right one? This will show you (or remind you) how to do so...

<https://www.bbc.co.uk/cbbc/search?q=homophones>

At SMCC we believe reading is extremely important and so too are reading skills. There is some information here on reading inference and empathy...

Maths:

The websites below will help you brush up your Maths skills. Important parts to focus on are:

- ✓ place value,
- ✓ non-calculator methods for +, -, x and / (divide) with whole numbers (and decimals with + and -),
- ✓ bar charts,
- ✓ fractions,
- ✓ decimals,
- ✓ percentages

Have a go and see, there are some great activities and games to get your Maths skills up to speed!
